

Scripting:

I would be happy to help get the process started. There are a few things we need you to do before you meet with your surgeon. These are explained on a website called Inside Out Care. I will email you a link to sign up for this.

The website has a checklist and instructions on what to do:

1. If your child has not had an Upper GI x-ray one will need to be ordered. Do you know if your child has had an UGI?
2. We also need an order placed to have your child seen in our Anesthesia clinic (PASS).
3. Once we have the orders we will call you to schedule the SUR clinic appt, the UGI study and a pre surgery appt with Anesthesia PASS.

Do you have any questions?

Please save this Quick part in outlook for communicating need for UGI and PASS orders

Hello,

We have received a referral for a Gtube consultation.

Name:

MRN:

Please [obtain orders for UGI and PASS](#) and [notify Scheduling Center](#) when ready to schedule
